

Tamuz 5778 – Ramadan 1439 – June 2018

“Call for the wailing women to come; send for the most skilful of them.

Let them come quickly and wail over us till our eyes overflow with tears

and water streams from our eyelids.”

(Jeremiah 9:17-18)

To the Muslim community of Malmesbury,  
Shalom dear friends!

Kindly accept our solidarity with you during this sad and horrific time following the inexplicable attack in your mosque. We are highly troubled that such a crime should take place at all, not to mention in a house of worship.

Our thoughts and prayers go out to the families of the victims, the members of your congregation that were present, and to your community.

With blessings and wishes of strength,
